# DEEPBLUE EVENTS PACKAGES

SENSATIONAL ENTERTAINMENT FOR ALL OCCASSIONS

Looking for something different to delight your staff, customers, sponsors or special guests? DeepBlue sounds like an orchestra, acts like a band, feels like a movie. Featuring lush strings, electronics and dance, the performers' exquisite playing, precision moves and circus stunts are guaranteed to enthrall audiences.

DeepBlue has a dynamic range of corporate packages to suit the needs of your next event, with a fully customisable set up - from small, impactful performance to roving pre-show entertainment, or a spectacular full DeepBlue show. DeepBlue will create a unique experience for your event which will leave your guests talking.

## 1 COMPACT

DeepBlue's Compact show involves a small group of portable and dynamic DeepBlue string performers. This package is designed to be customised to suit your event and can be informal or roving and unplugged or compact amplified show. Music can include traditional classical, contemporary or popular DeepBlue tunes. If amplified, we also provide our sound technician.

## 4 ADDITIONAL EXTRAS

We can tailor a performance to suit your event and venue by activating spaces with roving performances or creating a spectacular, high-production show with the edition of lighting and visuals! Check out our options below and get in touch for further details and specific pricing for your needs.

### DEEPBLUE PRE-SHOW OR POST-SHOW PERFORMERS

Bring some fun and pizzazz to the moments that need it with a pre-show DeepBlue strings duo, trio or quartet. Members of DeepBlue can play lush tunes and cult favourites as guests arrive to an event, during intermissions or breaks or to activate another space in larger venues. Playing acoustically, the musicians are able to rove around the space and interact with guests. There will never be a dull moment!

### DETAILS

**INCLUDES:** DeepBlue performers, tricks and stunts performers and sound technician

**RECOMMENDED FOR:** Roving entertainment or background music

**TECH:** Can be performed acoustic or amplified / wireless

**PRICE GUIDE:** \$300 - \$1,000

## LIGHTING DESIGN

Tailored lighting design can bring a performance to the next level! We can work with a venue's existing lighting rig to program a high-impact lighting design which brings colour and movement to the show.

### DETAILS

**INCLUDES:** Maximum impact lighting to compliment performance and lighting technician

**RECOMMENDED FOR:** DeepBlue Spectacular package

**TECH:** Requires venue with lighting rig and desk

**PRICE GUIDE:** \$200 +

## VISUALS / LIVE FEED

Video visuals can be projected onto surfaces or screens behind DeepBlue to heighten the performance. Visuals can be tailored to suit a theme or event. Live feed visuals highlight the 'wow' moments of the show and provide multi-angle vision. A live feed is perfect for large venues so that all guests can view the performance.

### DETAILS

**INCLUDES:** Video or live feed visuals and technician

**RECOMMENDED FOR:** DeepBlue Impact or Spectacular package

**OPTIONAL:** Technician can upload and edit live footage and sound for an additional fee.

**TECH:** Dependant on venue. Please contact for further information on tech requirements.

**PRICE GUIDE:** \$500 +

*"... For decades, influential musicians have espoused threadbare rhetoric about eroding barriers between the audience and staged performers, composers and instrumentalists, music and dance, classical and popular music, but I've never seen an example that blitzes quite so many borders, often guarded by strict passport controls, in one show...*

*The energy, pizzazz, carefully brokered informality and dare-to-enjoy-yourself attitude pays off."*
